*Your Whole New Supply Chain For Auto Parts*

## Brand Story

We are born ordinary, but we are unwilling to be mediocre. Elecdura is the epitome of this era. It is born to achieve itself and others at the same time.

After more than 10 years of rapid development, Elecdura is backed by the strong support of 200+ first-line auto parts factories. Elecdura currently has 10+ product systems, 100+ categories, and 100,000+ SKUs. Its powerful supply chain card is as full of magic and immeasurable power as a black hole.

No one understands you better than us. What you really need is not just a supplier, but a trustworthy partner. Then please start greater success with Elecdura from now on.

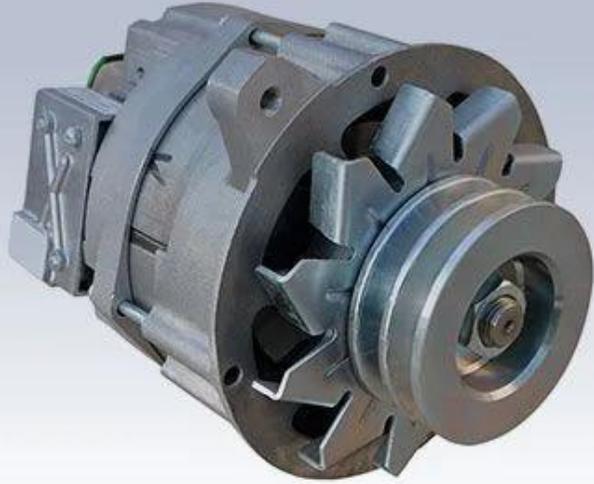

Please trust and try Elecdura, Make Your Difference; Elecdura will be Your Whole New Auto Parts Supply Chain.

# What do we offer?

At Auto Parts Supply, we specialize in providing a wide range of automotive parts, accessories, and services to meet the needs of vehicle owners, mechanics, and automotive enthusiasts. Our core services include:

1. Alternators & Starters
2. Wipers & Components
3. Ignition & Tune-Up
4. Fuel Delivery
5. Engine Cooling
6. Engine Sensors & Emissions
7. Air Conditioning System
8. Car Door & Components
9. Engine Power

## Alternators & Starters

Crafted from premium materials and engineered to exacting standards, our alternators and starters are built to withstand the rigors of daily driving, delivering exceptional durability and longevity. Whether you're replacing a worn-out component or upgrading to a higher-performance model, you can trust our products to deliver reliable starting power and consistent electrical output.

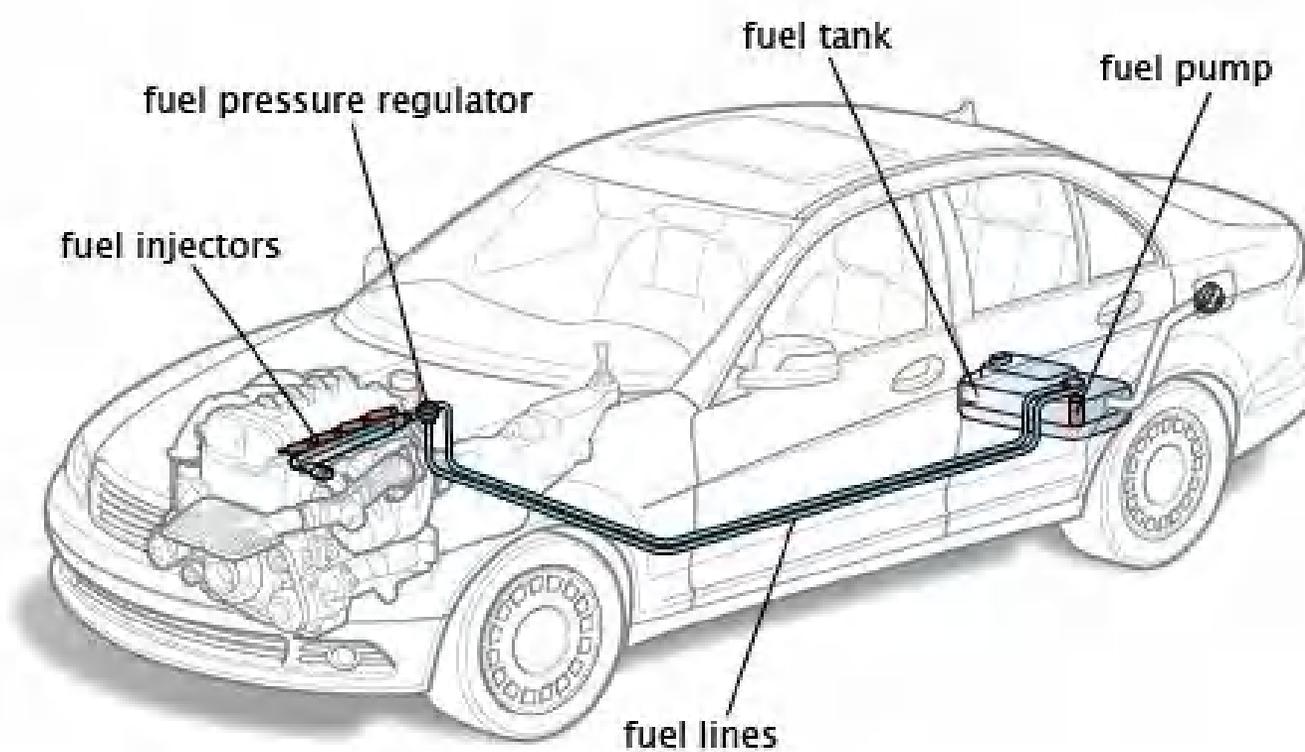

## Wipers & Components

As a crucial component of a car's safety system, our car wiper blades are meticulously manufactured and tested to ensure they meet precise standards of fit and performance. They are thoroughly tried and tested, so motorists and aftermarket professionals can rely on their safety and performance.

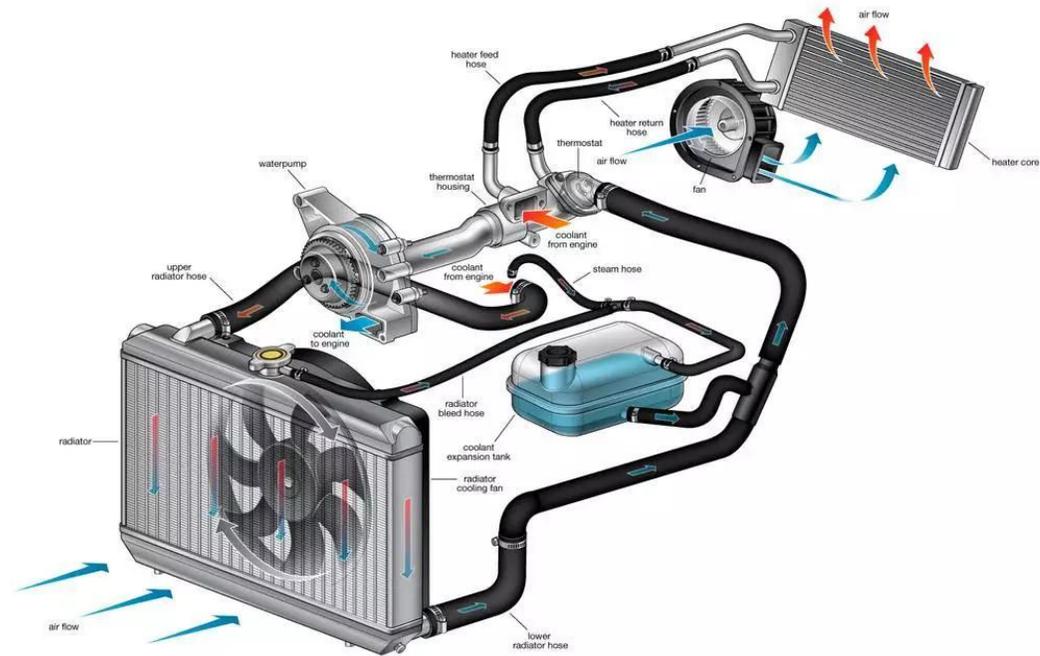

## Ignition & Tune-Up

Our comprehensive range of products is designed to optimize engine performance, improve fuel efficiency, and ensure reliable starting in all conditions. Our product lineup includes a wide range of ignition components, including spark plugs, ignition coils, distributor caps and rotors, ignition control modules, and more. Each product is carefully selected for its quality, performance, and compatibility with a variety of vehicle makes and models.

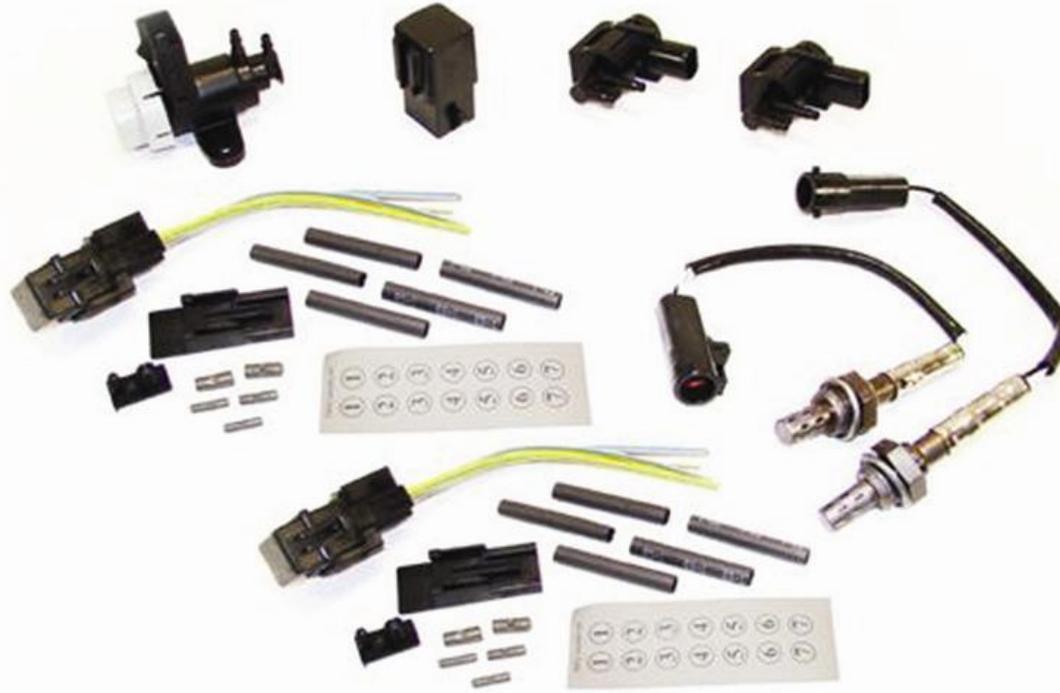

## Fuel Delivery

From fuel injectors to fuel pumps, fuel filters to fuel pressure regulators, our product lineup covers every aspect of the fuel system, catering to both gasoline and diesel engines. Whether you're seeking to enhance fuel efficiency, boost horsepower, or simply maintain the smooth operation of your vehicle, our selection offers the solutions you need.

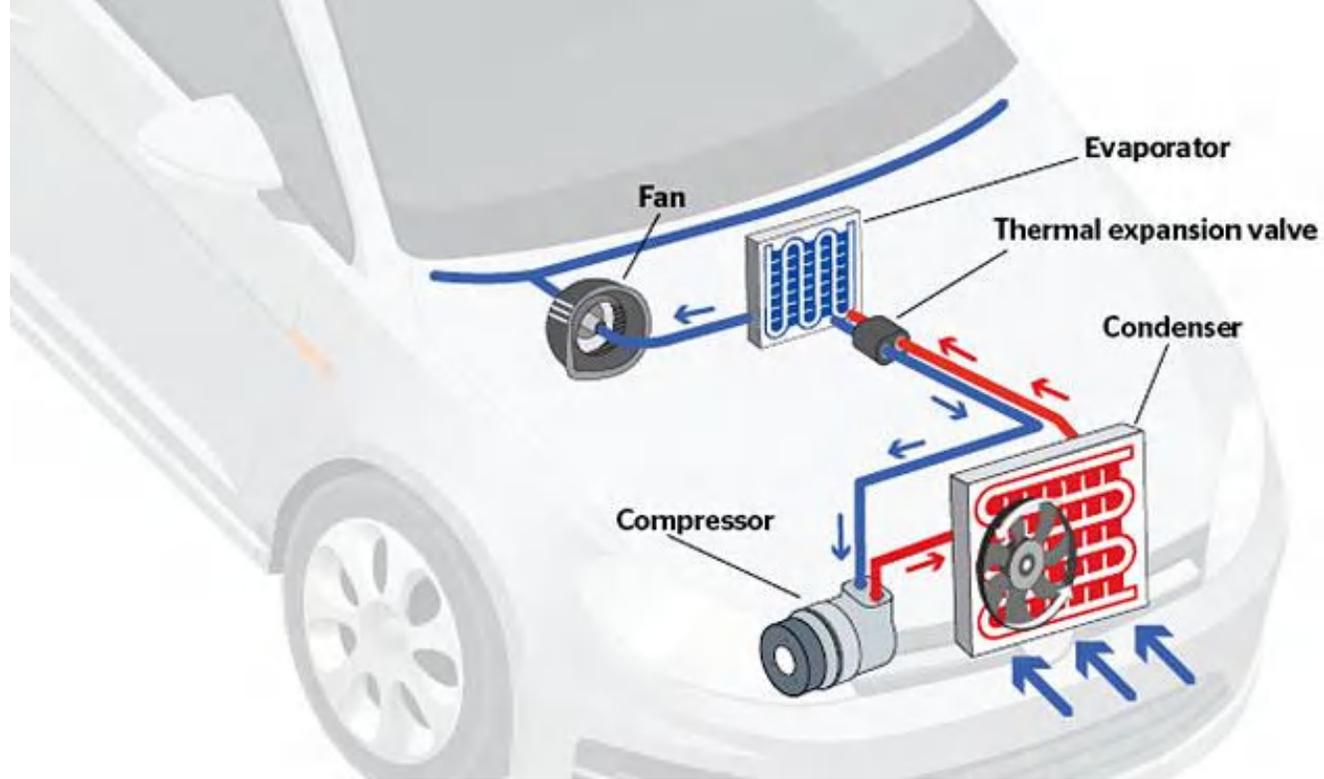

## Engine Cooling

Within our product category, you'll find a diverse range of cooling components, including radiators, water pumps, cooling fans, thermostat housings, and more. Each of these products is meticulously designed and manufactured to meet the highest standards of quality, reliability, and performance, ensuring that your engine remains cool and protected under all driving conditions.

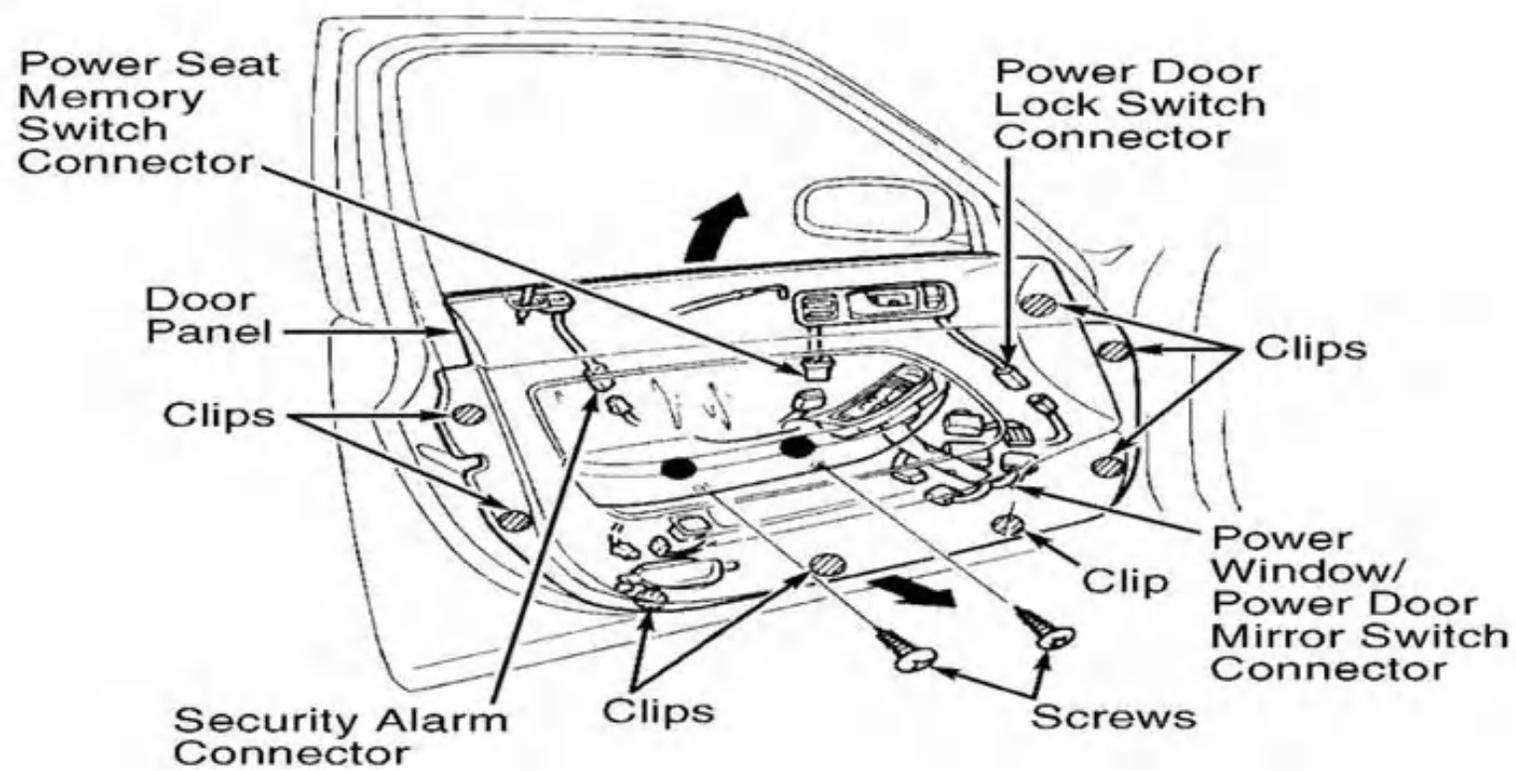

## Engine Sensors & Emissions

Our product lineup encompasses a wide variety of sensors that play a crucial role in monitoring engine parameters and optimizing fuel combustion. These sensors provide real-time data to the engine control unit, allowing for precise adjustments to air-fuel ratios and ignition timing, resulting in improved fuel efficiency, reduced emissions, and enhanced engine longevity. In addition to engine sensors, our catalog includes a range of emissions control devices designed to minimize harmful pollutants released into the atmosphere.

## Air Conditioning System

Our catalog encompasses a wide array of car air conditioning products, including compressors, condensers, evaporators, HVAC systems, and more. Whether you're repairing, upgrading, or customizing your vehicle's air conditioning system, we offer high-quality components and accessories to meet your requirements.

## Car Door & Components

Our range encompasses a variety of components and accessories tailored to meet the diverse needs of car owners, mechanics, and enthusiasts alike. From complete door assemblies to individual components such as handles, hinges, panels, and trim, we provide everything you need to repair, upgrade, or customize your car doors with ease.

## Engine Power

With a diverse selection of turbochargers from leading manufacturers, each engineered to deliver optimal performance and durability, you'll find the perfect solution to suit your needs. From entry-level upgrades to top-of-the-line units designed for maximum power output, our Turbocharger category offers something for every driver and application.
